DETAILED ACTION

Current Status

1. This action is responsive to Applicants' amendment of 7 November 2005.
2. Receipt and entry of Applicants' amendment is acknowledged.
3. Applicant's addition of new claims 12-20 is acknowledged.
4. Claims 1-20 are pending.
5. The objection to the specification set forth in paragraph 2 of the previous Office Action mailed 5 August 2005 is withdrawn in response to Applicant's amendment.
6. The rejections under 35 USC § 112, second paragraph, set forth in paragraphs 3 and 4 of the previous Office Action mailed 5 August 2005 is withdrawn in response to Applicant's amendment and remarks.
7. The rejection under 35 USC § 102 set forth in paragraph 5 of the previous Office Action of the previous Office Action mailed 5 August 2005 is withdrawn in favor of the new rejection set forth below. Applicants' remarks with regard to this rejection are address below in the context of the new rejection.
8. The objection to the claims set forth in paragraph 6 of the previous Office Action mailed 5 August 2005 is withdrawn in response to Applicant's remarks.

New Rejections

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

9. Claims 3,5 and 12-14 are finally rejected under 35 U.S.C. 102(b) as being anticipated by DeMassa (US 6,676,849-B2 01-2004). Demassa discloses (Column 4, lines 1-10) liquid compositions comprising a liquid phenol and phenothiazine, and a third stabilizing phenol. Demassa discloses (Column 3, lines 37-51) composition ratios corresponding to those instantly claimed.

Examiner's Response to Applicants' Remarks with Regard to This Rejection

10. Applicants have argued that the claimed compositions, unlike those of DeMassa, are solids at room temperature. In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., room temperature solid compositions) are not recited in the rejected claim(s). Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

Applicant's arguments filed 7 November 2005 have been fully considered but they are not persuasive for the reasons indicated above.

Claim Objections

11. Claims 4 and 10 are finally objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

12. Claims 1-20 are pending. Claims 3,5 and 11-14 are finally rejected. Claims 4 and 10 finally objected to. Claims 1,2, 6-9 and 15-20 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
